

## County-Level CRNA Distribution

STATECODE=TX

Map illustrates the percentage of CRNAs out of the total number of CRNAs and Anesthesiologists in the county.

Data Source: Anesthesia providers were identified using the National Provider Identifier (NPI) Registry (<https://npiregistry.cms.hhs.gov/registry/help-home>). All providers are required to have an NPI number for the purpose of transmitting any health information in electronic form for standard transactions within Federal health, Medicare and Medicaid programs. NPI Records for health providers are associated with either the provider's practice location or mailing address as submitted by the provider. All individual healthcare providers are responsible for maintaining and updating their NPI information. The NPI records identified in this map were retrieved on September 12, 2016.

## Texas Overall

Anesthesiologist	CRNA	% CRNA
4049	4111	50.4
