

## Texas

### Distribution of Anesthesia Providers (2022)

54.9% of Anesthesia Providers in Texas are CRNAs

**Map illustrates the percentage of CRNAs or MDAs of the combined total in each county.**

**Data Source:** Anesthesia providers were identified using the Physician Compare National Downloadable file. Physician Compare includes records for each practice address of all providers who bill Medicare Part B. Those who have a practice address in multiple counties are represented in each county. Some providers who do not bill Medicare Part B may not be accurately represented such as those working exclusively for the Veteran's Administration or CRNAs practicing at rural hospitals electing cost-based reimbursement under the Medicare Part A nurse anesthesia exception.

*Data retrieved on January 12, 2022*
